BIDS ARE OPENED FOR THE IMPROVEMENT OF COUNTY ROADS

No Bids Awarded Until All Tenders Have Been Tabulated

MANY CONTRACTORS MAKE BIDS

Bids for the resurfacing of three sections of county roads were opened by County Commissioners Watson, Hill and Barnum and Controller Underwood at Washington on Monday. These roads were improved a number of years ago, but have been worn out by constant and heavy travel. It is now t he intention of the commissioners to resurface them with brick and concrete. The three sections are the Monongahela-Donora road, Pike Run, and the Taylorstown.

It is proposed to widen the Monongahela-Donora road from 12 to 18 feet and to rebuild it entirely, with concrete and brick. This road is subjected to very heavy traffic on account of so much hanling to and from the mills and furnaces at Donora, heavy t rucks being utilized in transporting heavy castings, supplies and coal. Whhen the contract is awarded for this improvement, which will be probably this week, if the bids are within reason, it is the purpose of the commissioners to have the road closed while the work is under way, in order to give the contractor a better opportunity to push the work. This may discommode some people, but as the embargo will last but a comparatively short time, it is believed there will be little objection to the plan.

The bidders for this section of roadway were: Federal Construction Company, Pittsburg L. T. Edwards and Son, Greensburg; Donatelli, Pittsburg; Toner Barr, Pittsburg; William Pickett & Company, Washington; and A. G. Rothey, West Elizabeth.

All of the bids are now being tabulated by the county road engineers and until this is completed no awards will bemade.

TROPHY TRAIN TO ARRIVE MAY FIRST

The trophy train, which is to visit a number of towns in this section during the campaign for the Victory Liberty Loan is scheduled to arrive in Charleroi on Thursday, May 1st, at 4:15 p. m. It will remain until 7.00 p. m., thus allowing the citizens of the community two and three-quarter hours in which to view the many trophies which this train bears, and which will show so many of the offensive weapons used in the great war. A committee yet to be selected will meet the train at Brownsville and escort it to Charleroi. Chairman Daly will arrange to have all returned soldiers report in uniform at the Pennsylvania station at 4:00 o'clock on that date to act as guards for the train while it remains in Charleroi.

CAPT. CLEMMER GIVEN RESPONSIBLE POSITION

Capt. C. L. Clemer of Brownsville has been placed in charge of the floating plant of the United States government in the Pittsburg district and will look after the drege boats, barges, steamers and other river property. Capt. Clemmer was formerly employed on constuction work under this office and recently returned from rance, where hesaw service with the 217th Engineers.

IN DANGER FROM THE CANKER WORM

From present indications western Pennsylvania and particularly the Pittsburg district, will be visited by an even greater scourge of the fall canker worms than last year, and greater injury to fruit trees will result unless thorough work is done at once to prevent the damage Billions of eggs have been laid and unless something unforseen happens will hatch in a short time. The canker worms will immediately start to consume the foilage on the trees

The Bureau of Zoology, Pennsylvania Department of Agriculture, has several men making a survey of the territory covered by this pest Several years ago there was just as serious an outbreak of this insect and because the fruit growers neglected to spray their trees the decline of many western Pennsylvania orchards date from that time

To prevent damage from the fall canker worm, spray the trees with two pounds of the powdered or four pounds of the laste form of arsenate of lead in 50 gallons of water Apply this just as soon as the eggs commence to hatch Make a second spraying when the blossoms have dropped In bearing orchards the spraying can be delayed until the apple buds are about to turn pink, using five quarts of concentrated lime-sulphur wash in 50 gallons of water and add to this two pounds of powdered arsenate of lead and three fourths of a pint of tobacco extract.

Repeat for the calyx spray, using the same materials. The use of this combination will control several insect pests and diseases. Aphids which cause serious damage to the fruit are also reported as being very abundant. The tobacco extract, if thoroughly applied, will control the aphids.

EXPRESS CO. EMPLOYES ARE GIVEN A RAISE

Wage increases averaging about $15 a month, for approximately 60,000 employes of the American Railways Express Company, were announced Monday night by Director General Hines. The increase represents an advance of $25 a month above the wage scale in effect January 1, 1918.

Reflections

The Yank remembers [illegible]

Fifteenth Is Expected On the 26th of April

The Fifteenth Engineers sailed from Bordeaux, France, early Sunday morning on the steamship Santa Clara. The Santa Clara is what is known as a 13-day boat, and if normal speed is kept up while on the way over the steamer should arrive in New York on Saturday, the 26th of April. If this should be the case the Engineers may arrive in Pittsburg on Sunday, the 27th for the reception which that city has planned for the returning soldiers and who will be on the way to Camp Sherman, Ohio for demobilization. It may be possible that the regiment will not leave New York before Sunday evening, in which event it would arrive in Pittsburg on the following day.

However, whatever date the regiment may arrive the committee appointed by Pittsburg as well as the relatives of the men, will be ready with a most cordial reception, both in New York and in Pittsburg. This latter reception of couse, will be the big event of the home coming of the Fifteenth. The committee in charge of the affair can now work with a definite date in view and knowing this can make all their plans accordingly.

In the reception which is to take place Charleroi will be well represented, as will Monessen also. The Mothers of the Fifteenth from Charleroi who expect to attend the festivities in connection with this reception are requested to call on Mrs. John O'Neil, for the necessary badge which will admit them to the Memorial Hall as well as secure their places on the reviewing stand.

MAJESTIC THEATRE THURSDAY, (One Day only)

Mitchell Lewis of "The Barrier" The Sign Invisible" and "Life's Greatest Problem" now appears in another stirring story of the Northwoods.

"CODE OF THE YUKON"

BODY OF DROWNED MAN IS RECOVERED

The body of William Watson, aged 60 years of Roscoe who was sdrowned in the Monongahela river last January was found Sunday floating near the point where he was thought to have been drowned. Notwithstanding the fact that it had been in the water for many weeks, the body was not in a bad state of preservation and identication was easily made.

Watson was employed as a watchman at the N ewell chemical plant and boarded and roomed at the hotel in Roscoe. On the day Watson was drowned he started across the river from Newell, but never reached the Roscoe side. It is not definitely known what happened. It is thought his skiff was struck by the tow of some steamer. It was found later floating down the river.

Little is known of the deceased's family, his home not being in the Roscoe section. He has a son in the army and one in the navy and two daughters living at Jersey City. A daughter at the time the father was drowned, came on and made arrangements for the funeral if the body was ever found.

Our Job Department is always busy—there's a reason.

OPENING OF THE CAMPAIGN

First Meeting for Victory Loan to Be Held This Evening

LOCAL QUOTA IS ANNOUNCED

The first meeting of the Victory Liberty Loan campaign will be held this evening at 8:00 o'clock in the Methodist church at which time a number of speakers will be present from Washington. It will be a joint meeting of both men and women workers, held under direction of the respective committees and has been called by Mrs. C. C. Wright and John D. Berryman.

In this connection Chairman Daly of the eastern area, announced this morning that the quota for Charleroi would be approximately $870,000 and in the county about $7,000,000. The Fourth Liberty Loan quota was $1,114,050, while the town purchased $1,140,450. The county quota was $9,000,000 and [illegible] exceeded with $11,000,000.

OF PITT ALUMNI

Norman MacLeod, field representative of the University of Pittsburg was in town Monday visiting the local High School and calling on the alumni of the Pittsburg School now located here.

The representative reports that the University is rapidly returning to a peace time basis, and from present indications will close the Academic year with normal enrollment. About five thousand alumni and undergraduates of Pitt were enrolled in various branches of the Service.

At the present time the University is looking forward to her Centennial Celebration, to be held in June. The University is the second oldest School west of the Appalachians and numbers among her Alumni many of the foremost sons of Pennsylvania.

While here MacLeod conferred with Dr. F. C. Stahlman, President of the Monongahela Valley Pitt Club and present plans call for the Club to hold its annual banquet sometime the early part of May.

Miss Lottie Kurpjuweit entertained a number of friends at her home on First street on the evening of April 14th. The evening was spent in a very delightful manner, after which an elaborate lunch was served by the hostess, assisted by her mother Mrs. Kurpjuweit and Miss Edith Hopkins.

A LIGHT IN THE WINDOW

After many years there is finally a light in the window for the backward nations of the earth. A beacon to lead them out of the darkness of despotism.

A gleam of hope that better things are near at hand.

Uncle Sam put it there.

Before the war these lesser nations were all dominated by their elder brothers. They were told to keep away back and sit still. That children should be seen and not heard. They ate at the second table and took no part in the family councils. They weren't supposed to have ideas. To grow up.

The elder brother's hand was always upon their shoulder.

But a change is coming. One of the big principles for which the world war was fought was the right of voice for the weaker nations. Uncle Sam termed it democracy for the world. And when he entered the fight he made his position extremely clear upon this point.

It will be preserved in the peace pace. It will dominate the plan of the league of nations however that plan may finally be worked out. The increasing family of little brothers will have more to eat, better clothes, better training.

Eventually these smaller nations will provide an important market for the manufactured products of America. And recognizing all that America has done for them they will be strongly disposed to favor us. We must not overlook that.

American industry must be kept expanding. Must be encouraged to reach out for new fields of conquest. Must be stimulated to persevering effort. Must not be forced to slow down at this time through inability of Uncle Sam to pay his debts.

Uncle Sam's intentions are the best He wants to make good every pledge to the industries. Wants them to make hay while the sun shines. To market their products to the uttermost parts of the earth. To keep prosperity at home.

But Uncle Sam, who represents every one of uss, must have our co-operation.

He must have our financial support, must borrow our money again.

And that's the reason for this Victory loan.

The answer is: Lend to the utmost.

BONDS FOR ROADS

At the meeting of the county commissioners with the special committee from the good roads convention held last week it was agreed to prepare for a special election to vote for or against bon ds, the proceeds of which would be used in improved road building

The amount of the issue of these bonds has been suggested at one million dollars, which sum would enable the county to adopt a comprehensive road building plan and at the same time assuring it of plenty of funds to carry out the project Moreover with the State's campaign in the county, in which it proposes to spend large sums of money and with the co-operation of the progressive townships, splendid progress should be made in the way of securing good roads

There was a time when the suggestion of a million dollar bond issue for good roads would have been met with a storm of protest. but people now evidently realize that if we are to have such conveniences we must pay for them, and at the market price Washington county is progressive, and moreover is a pioneer in road building and if the proposition is placed before the people it looks as if a bond issue would carry by a handsome majority

JUST REPARATION

Whatever may be the demands of Belgium and France in the way of reparation from Germany they should be complied with as far as possible by the peace conference Belgium was the first to stand up against the German invasion and while that little country was only able to hold the Germans but a very briew time, it was sufficient to allow the French to get their armies in motion. and permitted Great Britain to get her "contemptible little army," (as Kaiser Wilhelm called it,) on the firing line in France Belgum was overrun, and for four weary years almost all of the territory was dominated by the Hun

A great portion of France was in the same position The Huns for the duration of the war occupied her fertile plains and her manufacturing centers her mineral deposits were despoiled and the farms and manufacturing plants of her people were laid waste In addition both of these countries, which fought with bravery and a d esperation unparalleled in history, lost hundreds of thousands of their choicest men, while additional thousands were maimed and blinded for life

Is it any wonder then that both of these governments should ask for reparation and indemnity from the Hun, whose ruthless warfare has no equal in all history. The sympathy of the American people is with these two countries which sacrificed much that civilization might not be destroyed

---

The covenant of the league of nations, which was not to have been altered in the slightesst degree, seems to be acquiring an altogether different appearance because of the addition of so many important amendments. Maybe by the time it is made over it may be acceptable to the United States Senate and the American people.

DOCTORS HAND OUT LIVE TIPS

Take Public Into Confidence

Prominent physicians claim people fail in life because of "nerve hunger" that it is the active bright-eyed, strong nerved man or woman who is "there" at work or play.

Strong, well nourished nerves is the great secret of success, health and happiness.

Men and women try to live regardless of health, strength, ambition, energy and hope, they exceed the speed limits, wasting nerve strength and energy and fail to store up reserve force, afterwards they only exist, life has no joys.

Without energy, ambition, strong nerves, and pure blood one cannot hope to enjoy the fullest measure of success and happiness.

A noted specialist says, "Phosphated Iron brings strength to the blood, nerves and brain, that it is a perfect combination of vital elements of great tonic qualities when taken by 'Nerve-sick humans', that it will increase body and nerve energy, restore ambition and staying powers".

He also says: "If you are the victim of overwork, worry, excess of mental and physical forces, have the blues, and the pleasures of life are no longer enjoyable, that you need Phosphated Iron to brace, build you up and put you on your feet again".

Special Notice—To insure physicians and their patients getting the genuine Phosphated Iron we put up in capsules only, so do not allow dealers to substitute any pills or tablets.

BIG LEAGUE WILL OPEN MAY FIRST

Local fans will be pleased to know that the baseball season in Pittsburg will open on Thursday, May 1st when the Pirates will entertain the champion Chicagos for a three-day seriess. Baseball in both big leagues opens this season with the brightest prospects in years. The war is over and a great majority of stars who were in the service of Uncle Sam for the past two years have returned home. They will be found in the line-up of their respective teams, and as a consequence a fine brand of baseball may be expected.

The Pttsburg team looks exceptionally strong this year, with a strong corps of pitchers, headed by Cooper, Hamilton and Mayer, with Adams, Miller and Evans in support and Pender and Carlson who are still in the service yet to report. As an outfield the Pirates will have Southworth, Carey and Stengel, one of the strongest combinations in the big league with Bigler and King while the innerworks will be taken from Mollwitz, Saier, Cutshaw Caton, Boeckel, Barbare and Terry Schmidt will be the big receiver this year, with Sweeney and Blackwell in support. Tickets for the opening game are now on sale, the prices being $1.40 for boxes and $1.10 for reserved seats, these prices including the war tax.

It is likely that a large number of Charleroi "fans" will be in attendance at the opening game, while throughout the season many hundreds of our citizens will watch the Pirates perform at Forbes Field.

"THE SPIRIT OF MEMORIALS"

As the spring blossoms into summer we feel, some of us, the absense of those dear ones who have passed to "the beyond." We miss their laughter, their kindnesses, their caresses. Ought we not give actual expression to the loving remembrance in which they are held?

The custom of marking their resting places is as old and as beautiful as the old, old world itself.

We cannot honor our loved ones more, nor perpetuate their memory more effectively, than by the erection of a monument. Properly carved, by a master artisan, such a memorial is a lasting tribute to our affection for them.

Is there not some one whose memory deserves this recognition from you?

METHODIST FUND IS INCREASING

The various committees in charge of the campaign for raising funds for lifting the debt of the First Methodist Episcopal church report splendid progress Monday morning Dr. Hetrick announced that $2,500 had been pledged at the Sunday meeting; this morning he announces that the fund has reached $3,100 and with splendid prospects for additional amounts. Members of the three committees are very hopeful that they will be able to accomplish their task successfully by Sunday morning.

Every Man is a Wise Man

Because every man has something to teach; the thing life through experience has taught him to do.

Nature but reproduces: man's experience taking the world where Nature stops builds it better; whether he makes an iron plow to improve the crooked stick—

Or turns mere rubber and cotton into pneumatic tires.

Experience is that unseen thing in tires, the quality of which turns them out good or bad.

It vouches for Goodrich experience that Goodrich made the first American pneumatic tire, and ever since has fathered the improvements of automobile tires.

It shows in tough, full-rounded beads and thicker BALLOON SAFETY TREADS extra wide, fortifying the sidewalls against rut scars.

It returns value for your money in service value on your car on the road.

EASTERTIDE

With the bursting of the buds this Easter there wells anew in hearts through the world the spirit of service.
Service, Man to Man, and Nation to Nation, this is the vision which comes with peace, like the first faint glow of the morning.
May each of us be inspired to do our share in lifting this new inspiration from the dimness of a horizon glow to full, clear and glory inthe Zenith of a new day.
Surely it is a wonderful opportunity which this Eastertide brings.

THE LOUIS KREIDLER COMPANY.

AN EVENING OF GRAND OPERA.

For the first time in the history of the Chautauqua movement, the smaller cities and towns will be privileged to witness grand opera as it is sung and presented in the larger cities. The National Lincoln Chautauqua presents to the public one of America's great grand opera stars, Louis Kreidler, who has been a member of the Century Opera Company, New York City; Metropolitan Opera Company, New York City, and Chicago Opera Company, Chicago, Ill. The New York Times says: "Mr. Kreidler, as Athanael, was deserving of much credit for his sincere and skillful impersonation as well as for his excellent singing." The New York Evening Mail, in speaking of the role of Sebastiano, writes: "It would be difficult to conceive of a better type for Sebastiano that Mr. Kreidler, who seemed purely Latin in psychology. His voice, diction, and easy presence contributed everything that made for his success in the part." The Chicago Daily Journal says: "The best performance of the evening was given by Louis Kreidler in the role of Marcel. Here was some really big singing. It was indeed a pleasure to hear the resonance, clarity and authority with which he invested the music which fell to his part. He can also claim a human appeal to his conception of the character."

Mr. Kreidler will be assisted by Miss Erle Wortham, soprano, a native of Texas and who received her vocal training in Boston and later in Chicago under the direction of Louis Kreidler. Her work has already received recognition and recommendation of Meastro Gampanini, of the Chicago Grand Opera Company.

Samuel Hungerford, violinist, toured the country on different occasions as "The Boy Wonder." He has now outgrown the boy, but has added much to his art under the tutelage of Harry Weissbach, concert master of the Chicago Symphony Orchestra.

Miss Maryalise Ross is one of the most versatile pianists before the public today. She comes from Georgia and has devoted much of her time as a teacher in one of the largest music schools of the South.

Mr. Kreidler and this group of artists will sing popular arias from the operas "Carmen," "Thais," "Traviata" and Pagliaci."

Hundreds of dollars have been spent for scenery and special curtains in the presentation of these operas. Remember the fourth day in the evening.

WALTER KIRKLAND GREENE

LECTURER

We take pleasure in announcing Walter Kirkland Greene, who will lecture on the third afternoon of the Lincoln Chautauqua program. Mr Greene is a native of South Carolina and was educated at Wofford college and Vanderbilt university. His lecture will be on the subject, "The Greater Pyramid," and is an inspirational lecture.

As to Snobs.

The true gentleman and the true gentlewoman are always above snobbery. The glitter and glare of wealth, the vulgar show of money, the display of possession—these are not the evidences of real superiority. Character and true worth are the only standards by which men and women can be judged, whether they be rich or poor. And, as for snobs, why, may heaven save us from them.—Exchange.

MRS. MARTHA E. ABT

ONE OF CHICAGO'S BEST KNOWN SOCIAL WORKERS

For twenty years Mrs. Abt has given almost her entire time to familiarizing herself with every phase of social work. She has during the late years worked directly under the social service department of Cook county, Ill. She has made thorough investigation in both civil and criminal cases, and has made a specialty of crime and insanity among women and girls. During the recent war she took an active part in Red Cross work and was awarded the distinguished service medal for 1,000 hours of speaking. The Chicago Tribune in speaking of her efforts estimated that Mrs. Abt had influenced more than 85,000 persons. Mrs. Abt will appear but once upon the program, the afternoon of the fourth day.

Camel Cigarettes

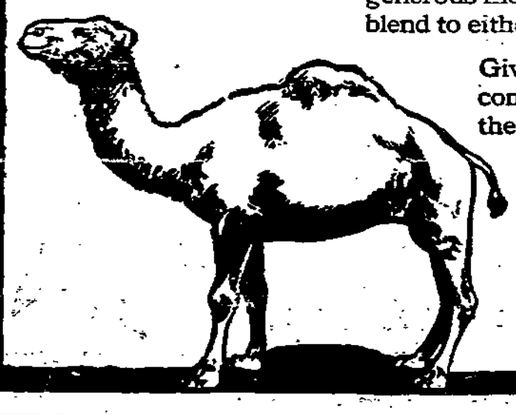
18 cents a package

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

They Win You On Quality!

Your enjoyment of Camels will be very great because their refreshing flavor and fragrance and mellowness is so enticingly different. You never tasted such a cigarette! Bite is eliminated and there is a cheerful absence of any unpleasant cigaretty after-taste or any unpleasant cigaretty odor!

Camels are made of an expert blend of choice Turkish and choice Domestic tobaccos and are smooth and mild, but have that desirable full-body and certainly hand out satisfaction in generous measure. You will prefer this Camel blend to either kind of tobacco smoked straight!



Give Camels the stiffest tryout, then compare them with any cigarette in the world at any price for quality, flavor, satisfaction. *No matter how liberally you smoke Camels they will not tire your taste!*

A NERVOUS BREAKDOWN

Miss Kelly Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Newark, N. J.—"For about three years I suffered from nervous breakdown and got so weak I could hardly stand, and had headaches every day. I tried everything I could think of and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my permission to publish this letter."—Miss FLO KELLY, 476 So. 14th St., Newark, N. J.

The reason this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition and as a result her nervousness disappeared.

The reliance that womenkind has learned to put in crackers is being well illustrated at the teas being given for returning soldiers and sailors.

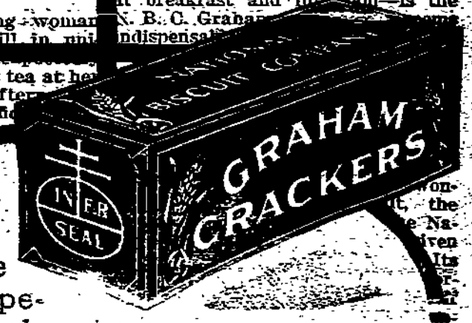
Every woman in the metropolis has in her pantry a generous supply of the National Biscuit Company's always useful and universally accepted products.

Nettie, a comely young woman yeoman of the Navy still in uniform, found entertaining a company at tea at her uptown home the other afternoon including several young officers a battleship in port.

She had Fig Newtons for every soldier, served a delicious cheese tea with Uneeda Bakers, Dominoes and Lotus biscuit. Some bruised leaves lay at the bottom of the basket, and the petals emitted a delicate fragrance, adding charm to the delightfully flavored sugar-filled wafers which they supported.

There was no question about the complete success of Nettie's discovery, as the fragrance of the fresh cups of tea which she served added to the inviting repast.

Another favorite at the tea hour—which pleases them almost as much at breakfast and luncheon—is the N. B. C. Graham



That children should have robust appetites is natural and proper. It is a sign they are strong, well and growing. Encourage them—give them **N.B.C. Graham Crackers**—even between meals.

NATIONAL BISCUIT COMPANY

I knew a man recently from France recently, who had found it very difficult to procure bread that was either palatable or digestible. He had recourse to N. B. C. Graham Crackers.
